Preface

Islam means 'peace' but Islamic State is the most violent terrorist organisation in the world.

Jihad means 'struggle for peace' but Harkat ul Jihad is among the most dangerous terrorist organisations in the world.

Allah is most merciful but Jundallah is the scariest terrorist organisation in the world.

Muhammad is the best person to have ever lived but Jaish e Muhammad is the worst terrorist organisation in the world.

Quran is the last and final word of omniscient Allah but Jamaat al Dawa al Quran is the terrorist organisation of most illiterate bunch of rapists.

Talib is 'the seeker' in Arabic dictionary but Taliban is the most brutal terrorist organisation in the world run by perverts.

Qaeda means 'foundation' in Arabic but Al-Qaeda is the foundation for all terrorists against humanity in the world today.

Mujahid means 'the struggler for peace' but Indian Mujahideen is the terrorist organisation that has killed hundreds of innocents in India.

I am asked innumerable times the same question. Why I am so obsessed with Islam. The answer, however, remains the same. I love Islam that means peace. But I hate Islam of Islamic State. I love Allah that loves all Muslims and Non-Muslims alike. But I hate Allah of Jundallah that sends Muslims to heaven and Non-Muslims to hell. I love Muhammad that bows down to idols of idolaters in respect. But I hate Muhammad of Jaish e Muhammad that destroyed idols of innocents. I love Quran that preaches heaven for all good humans and hell for all bad ones. But I hate Quran of Jamat al Dawa al Quran that calls idolaters like me as

worst of creatures.

Islam, today, is torn between its supposedly flawless theory of peace and an ironical contradictory reality of violence. The most superior and peaceful faith as claimed by its followers, Islam, has become home to the most dangerous creatures on the globe today. And this contradiction has caused most damage to Muslims and the world. Contradiction kills conviction. Hence a Muslim who loves his faith chooses to end contradiction. And best way to do is to deny. A scared Muslim will deny violence in Quran. A violent Muslim fighting for Islam will deny peace in Quran. A dishonest Muslim will deny violence in front of Non-Muslims but will believe in same in heart and practice. An honest Muslim will state what I just stated above and will work towards fighting abductors of peaceful Islam rather than arguing with already peaceful Non-Muslims on why Islam means peace.

All peaceful and honest Muslims have a gigantic task on their shoulders in the time when their faith has been hijacked and represented by terrorists. And this is simple.

If Islam of ISIS is different from real Islam, let honest and real Muslims share with world the real Quran which is different from the violent book of ISIS asking them to behead Kafirs wrongly termed as Quran. Let the world see the difference between real Quran and that of ISIS. Quran of ISIS in Chapter 9, verse 5 says that the idolaters must be killed wherever they are found once the sacred months are gone. Real Muslims must come forward and give the true verse 5 of chapter 9 which must indeed be full of love and compassion towards idolaters as Islam means peace. There must be verse by verse comparison of these two versions of Quran. Let the world see that a real Muslim is different from an ISIS lover. That Islam of real Muslims is different from Islam of ISIS. That Allah and Muhammad of real Muslims are different from ISIS frauds.

To help real Muslims fight these frauds, Agniveer has published several books and many are in pipeline that expose the fraudu-

lent claims of witchdoctors of Islam like Zakir Naik (who have inspired many innocents to tread the path of terror as per investigative agencies) and showcase why it is utter foolishness to regard only Quran as the final word of Allah and all the rest of the books on earth as redundant for seeking Him. We have explored fallacies and contradictions in popular versions of Quran propagated by fanatics, the status of women in Islam, fanaticism and its cause in Islam and host of other topics. The impact has been tremendous, and we have now a huge number of rational Muslims seeking ways to wiggle out of clutches of fanatic Islam. Many have agreed to believe in Rebirth and Theory of Karma. Others admit that all the Sahih Hadiths ('True Sayings' of Muhammad) are not true, defying clerics stating that those who refuse to believe in Sahih Hadiths would go to Hell.

This book is meant to be a lighthouse for honest and real Muslims who are not satisfied with mere theoretical mention of Islam as peace in some unverified Arabic dictionary kept in some 400 years old library in Yemen. It is for those who want to establish peace in the real world in general, and real Muslim world in particular. This book will help such real Muslims differentiate themselves from otherwise identical looking and sounding coreligionists who have unfortunately turned violent in search of some 70 virgins of paradise.

The chapters in the book have been titled in a manner. Islam appears twice. The first usage is meant for the real peaceful Islam in which any rational and true Muslim like Dr APJ Abdul Kalam believes. The second usage of the word Islam is for those who have hijacked it to give it a bad name. The book gives a solution to the real Muslims on what must be done, stated and propagated in order to recapture their faith from clutches of terrorists and restore the true glory of Islam that means peace.

This book will also be a litmus test for Non-Muslims based on which, a real and good Muslim can be separated from a fanatic ISIS lover. If a person qualifies the test of humanity discussed in the book, he/she is an honest Muslim deserving your respect. But

if one doesn't pass it or even refuses to put himself to the test which everyone else has done already, know that line dividing such person and ISIS lovers is not very fine. In such cases, be on alert.

Disclaimer

In this book, by Islam, I mean the interpretation of Islam suggested by radical Islamic representatives of today, like Zakir Naik, Anjem Chaudhury, Maulana Hafiz Saeed, Maulana Israr Ahmed, Maulana Masood Azhar, Imam Bukhari and their followers, who deny equal rights and heaven to non-Muslims and justify the killing of apostates.

By Quran, I imply the translations of Quran as patronized by fanatic representatives of Islam and freely circulated on the internet that radicalize weak minds. There are alternate interpretations by minority scholars, who are considered apostates by the dominant representatives and are victimized. These minority views are not the focus of the book.

Islam means peace BUT History of Islam is most violent

There must have been a truly noble inspiration behind Prophet's decision to name his belief-system as Islam – that means 'humble submission' or 'peace'. Perhaps he was inspired by the vision of pre-Islamic polytheistic paganism of Arab his ancestors belonged to. Vision that worshipped multiple deities in humility and submission. Vision that could tolerate gods of others. Vision that could bow down before idols of others. Vision that was meant for Arabs of 7th century to lead their lives according to some principles of tolerance.

However, all such noble axioms about Islam were never documented anywhere. Even if they were at some point in time, they no longer exist. This vision of Islam has never been practiced in last 1400 years. Except for a few true Muslims like Dr APJ Abdul Kalam, Ashfaqullah Khan and Anwar Shaikh on whom Islam of rest issued Fatwas for reciting verses of Bhagvad Gita – the prominent Hindu spiritual text, not many true Muslims have

come forth to propagate or defend these tolerant propositions of true Islam.

There is no Islamic text left today that even speaks about this true Islam. Even the dictionary of Arabic that might have said 'Islam = Peace' is nowhere found today. Texts of true Islam that could prove Islam as a religion of tolerance have disappeared. Texts that could prove Allah as merciful seem to have been buried under loads of texts declaring every other human as Kafir. Texts that could prove the greatness of Prophet seem to have been burnt by propagators of ISIS brand of Islam that accuses Prophet of being a rapist, slave-trader, child-molester, paedophile, mass-murderer, illiterate, pervert, intolerant and what not in their 'holy books'. Just check modern versions of Quran 33/50, 9/5, 98/6, Sahih Bukhari 5/58/236, 3/34/432.

The fanatic Islam is so dominant that, today, not a single piece of the page is available in Islamic texts that could vouch for tolerant nature of Prophet. Not a single text is left today that could argue that Prophet did not attack Pagans of Mecca and did not break their idols. All speak in one voice – Prophet destroyed all idols of Mecca and wiped out Paganism from Arab just like ISIS wiped out Yezidis from Iraq.

It is a historical fact that immediately after Prophet's death, his politically motivated followers cooked up Hadiths and killed each other to compile a Quran of their own choice. Who knows what Prophet actually wrote in real Quran that his 'followers' burnt to settle scores? He might have actually written that idol worshippers, Pagans, Hindus, Jews and Non-Muslims are Allah's children. He might have asked Arabs to learn maths, science and spirituality from Hindus who laid foundations for maths, astronomy and sciences. He might have asked his followers to install idols of all religions at Mecca to promote peace and religious harmony. After all, Islam meant peace and he was the nicest man ever born on earth.

But all such speculations about him find little or no documen-

tary evidence today. All prevalent texts of Islam are hell-bent on proving otherwise. As per these Islamic books, even his son-in-law and child-wife (all Islamic texts available today claim that Prophet married a 6 years old kid Aisha, reference given above) were fighting each other claiming exclusive right over truth. Followers of one claimed that Quran was actually supposed to have revealed on him. Other said that her marriage to Prophet as a child was ordained divinely by Allah Himself. Quran was supposed to have been collected from leafs, twigs, cloth pieces, leather pieces and what not! A lot many people were killed for claiming to propagate 'false' verses of Quran and even the Caliph who finally compiled the final official version of Quran 20 years after the death of Prophet, was murdered. What could be a greater mockery of Islam that stood for Peace!

If this was not sufficient, even the word 'Quran' was coined much after the death of Prophet! And then began the satanic mission of dominating the entire world with this new 'Quran' and 'Sahih Hadiths' in the name of an order of Allah! Thus the simple message of Prophet was converted into a recipe for intolerance that did not spare even followers of Islam.

First stories were cooked up through Hadiths and verses of Quran to create an account of Prophet's life. These stories were aimed at insulting Prophet by claiming that he was a paedophile, he used to promote sex-slavery, he married his daughter-in-law, and he killed many innocents and what not. And then those who opposed it were threatened with damaging consequences! Since then, peaceful Muslims have been murdered and subverted. The saga continues even till today. And all that happens in the name of Prophet!

The conquest of Islam in the entire world, thus, is nothing but a political and criminal expedition continuing even till today that has nothing to do with the legacy of peace. And the worst victims have been the sane, rational, compassionate and good Muslims like APJ, Ashfaqullah Khan and Anwar Shaikh.

Times have changed, methods have changed, but one thing remains same – almost all groups and people who popularly represent Islam and invite the world to embrace Islam are intolerant and breeding terrorism. In the name of promoting peace, they are actually doing a mockery of Islam and making this world a living hell.

Thus, in current time, the onus of saving real Islam falls on true Muslims. And if Muslims and representatives of Islam follow the points elaborated in this book, Islam will be known by peace and not by pieces of flesh flying in the air after bomb blasts with chants of Allahu Akbar.

2

Islam means peace BUT Islam doesn't believe in secularism

India is a secular country and so are most of the countries in the western world. Indeed, secularism is one of the noblest concepts of humanity. True secularism means no policy, system, process or mindset shall be influenced by any cult or notions about religion. The entire concept of secularism is based on the precept of 'communal harmony'.

Gandhi Ji was a great supporter of 'communal harmony'. He popularised the Bhajan (prayer) 'Ishwar Allah Tero Naam' which means that Ishwar and Allah are same. The communally harmonious and secular people of his era aka Hindus used to sing this melodious song in all temples, and the trend continues till today. I still recall how we grew up singing this song in school and all public gatherings.

Hindu forces like Vishwa Hindu Parishad (VHP), Agniveer and Arya Samaj are often alleged to be fanatic, rightist and hell-bent

on destroying 'communal harmony'. The intelligentsia of India and world is thoroughly worried about the growth of these 'fundamentalist' forces in recent times and how these forces are disrupting peace and harmony in the subcontinent.

Whenever there is a terrorist attack, these 'fundamentalist' forces would term it as Islamic terror, and then the secular media has to spend lots of efforts and energies to explain that terrorism has no religion! It has to come up with videos and films of nice Muslims and bad Hindus to compensate for the wrong notions regarding Muslims. It has to blow out of proportion isolated cases like some Gorakshaks (cow-protectors) beating 'innocent' cow-butchers in areas where cow-slaughter is a rampant practice despite the ban. And then the entire state machinery gears up to catch hold of some rightist forces allegedly behind these beatings.

It's a different matter that some of the larger terrorist attacks are not big enough to awaken the same machinery of state, and we keep waiting for terrorists' sentence for ages. The summary notion that the intellectuals of this country (India) in particular have is that Hindus have become very fundamentalist. They tend to blame all Muslims and especially the clergy for all the terrorism that is happening internationally. It is just a matter of coincidence and conspiracy of Western media that most terrorists, terrorist groups or Somalian pirates who come in the limelight happen to be Muslim. But the reality is that Hindu terrorism is even more dangerous! And hence curbing Hindu terrorism should be number one priority.

So I propose a very practical solution for all Hindus and Muslims to enhance communal harmony and truly promote secularism and peace. I am inspired by Mohandas Karamchand Gandhi to offer this solution. Those who abide by this solution are true secularists, and those who refuse to accept it are the real fundamentalists. Because all I offer is an extension of the Gandhian Ishwar Allah Tero Naam. Gandhi made temples and Hindus sing Ishwar Allah Tero Naam. After his 'secular' acts, number of Hindus visiting Ajmer Sharif, Nizamuddin and Sufi shrines shot

up like anything. The trend became so popular that today, number of Hindus visiting Ajmer Sharif is more than Muslims! And this is despite the fact that Moinuddin Chisty - the Fakir of Ajmer Sharif was the same person who spied for Muhammad Ghorī in India and invited him to attack, loot, rape and destroy India in name of Allah and Islam. Despite Chisty getting Hindu king of Ajmer killed, raping his minor daughters and then taking them away as sex-slaves under the garb of marriage. And despite all this being boasted as miracle of Allah and Chisty by Ajmer Shrine officials even today. (Readers are recommended to read *Naked Mughals* and *Indian Muslims* – two books by Agniveer for more details)

So, as evident, Hindus have gone too far in observing secularism proposed by Gandhi Ji. Now is the turn for Islam and true Muslims to reciprocate which they haven't done till date. Here is the test for Islam on secularism. If Islam and true Muslims passes this test then it will prove beyond doubts that Islam means peace:

1. Like Hindus offer prayers in Muslim shrines, let mosques recite verses from Geeta and Vedas. Let Muslims come for Hanuman Aarti every Tuesday.
2. Like secular Hindus believe all paths lead to same God, let all mosques and Muslims announce through loudspeakers that 'Ishwar and Allah are same, Ram and Rahim are same, Geeta and Quran are same, Kashi and Kaba are same.'
3. Like Hindus offer Ganesh Pandals every year to Muslims for offering Namaz, let Muslims open mosques to Hindus for Ganesh Puja in return. Let there be Yajna/Havan in mosques and Namaz in temples at the same time.

To start the process, let the leading mosques like Jama Masjid and Sufi shrines like Ajmer and Nizamuddin come out for this initiative. Agniveer has already discussed this with leading temples of India. No Muslim will be stopped from performing Puja Archana in temples. Many temples have already put an idol of Sufi saint Sai Baba. Let now the Muslims come up with a list of

mosques that are ready to install Ganesha's idol and host Ganesh Puja. Also,

1. Agniveer is ready to put 'Ishwar and Allah are same, Ram and Rahim are same, Kashi and Kaba are same' prominently on its websites, books, and everywhere else. Let us see if big Islamic organisations like Islamic Research Foundation (IRF), Jama Masjid, Ajmer Sharif and other mosques across the world also do the same.
2. Agniveer is ready to come on stage and bring prominent Hindu leaders who would announce this on stage. Let us see if Zakir Naik, Imam Bukhari and other Islamic scholars also announce this on stage.
3. Agniveer is ready to pronounce and also have other Hindu scholars pronounce that: 'Hindu or non-Hindu, all good people will achieve Swarg/Heaven'. Let us see Zakir Naik, Imam Bukhari, Deobandis and other Islamic scholars also proclaim that 'Muslim or non-Muslim, all good people will achieve Paradise or Zannat'. Let them declare that all noble Hindus, Jews, Christians, Pagans, atheists etc will also get Jannat along with good Muslims.

Let us now see who really wants communal harmony. Any individual or organisation that refuses to agree to above MUST be banned for being fundamentalist in the interest of communal harmony.

If Zakir Naik, Bukhari and other representatives of Islam refuse to agree to above and Hindus continue to sing 'Ishwar Allah Tero Naam', then there would be no community more foolish than Hindus. Because one who continues to offer milk to a cobra and willingly puts it over his head, believing it to be a spiritual Shesh Naag, deserves to be destroyed.

Let Zakir Naik, Bukhari and other representatives of Islam prove that they are indeed Shesh Naag and not 'Aasteen ke Saanp'

through their actions.

Mohandas Gandhi could convince ONLY the Hindus to sing 'Ishwar Allah Tero Naam' in temples, and they continue to sing till today. Let this glorious song now reverberate in mosques and bring true communal harmony in the country and the world. But if representatives of Islam refuse to pass the above test of secularism, this fanatic Islam will continue to be a threat.

True Muslims must immediately do the needful. This is the chance to look, sound, and be different from ISIS brand of Islam. Preach that Hinduism and Islam are equally good and truthful.

Non-Muslims must observe carefully. One supporting, declaring and preaching above equality must be respected and protected. But those refusing this equality and peace on any grounds must be humiliated. And there is need of being extra cautious while dealing with such people. These are the ones that form reservoir of Islamic terror. And secondly, if you find such people in abundance, make sure you don't fall prey to the trap of secularism. Do whatever possible under law of the land to neutralise the threat of ISIS brand of Islam by uniting peaceful forces and supporting law enforcement agencies.

3

Islam means peace BUT

There is no concept of nationalism in Islam

Many Muslim scholars and Mullahs claim that there is no concept of nationalism in Islam. A Muslim should only support a Muslim regardless of country. Thus, cheating one's own country to support a Muslim from other country represents true Islam as per them! In other words, they agree that one should never be assured about the patriotism of Muslims!

Once I had an interesting conversation with a supposedly good Muslim and a good friend. Here is the rough recount of the same.

Muslim friend : I love my India. I don't have to prove my patriotism to anyone. I won't sing Vande Mataram.

I : If you refuse to sing Vande Mataram – national song of India, you can't be a patriot.

Muslim friend : That's against our religion. We don't worship

anyone other than Allah. But I love my India.

I : How do I believe you when you can't even sing a 50 seconds song?

Muslim friend : You can take my life for India. That's my love for India. But I can't go against my religion.

I : Will you fight for India against any enemy?

Muslim friend : Is there any doubt? Only a fool can ask that. Let anyone attack India and I will make sure his country suffers like hell.

I : What if Saudi Arabia attacks India with nuclear missiles? What should India do in that case? What will you do?

Muslim friend: That's weird. Saudi is India's friend.

I : Suppose situations get bad.

Muslim friend : I will support India.

I : So will you hit back at Saudi with missile?

Muslim friend : (silent)

I : Why silent?

Muslim friend : You are a fanatic Hindu wanting riots in India. You know very well that Saudi is home to our holiest shrine – Kaba. How can a Muslim even think of hitting back at it? What happens if it gets harmed in action?

I : So should India surrender before Saudi in case latter hits India because your affiliation with Saudi is more important than with India?

Muslim friend : To hell with you, your country and your friendship. My faith comes first always. You will rot in hell forever. You

religious bigot, never show me your face again.

My dearest friend ended the discussion in extreme anger. I could see in his eyes the extreme emotions and desire to kill me there and then. But he couldn't because of his inferior built and lack of martial-skills to get someone like me killed even with a few men assisting him. So he ended it with abuses and complete cut-off with me.

That was not surprising to me for I knew the philosophy of his faith. A religion that has mandatory death punishment for blasphemy and apostasy, and reward for hating everything out of its ambit is bound to produce such snakes that bite the very hands that feed them.

In short, followers of any violent faith that has its holy shrines outside country are bound to be confused and treacherous. They can at most create drama around their 'patriotism' by some clichés but in a minute or two, they get completely exposed like above.

The sacrifice of Mushtaq Ahmed is another perfect example. Mushtaq Ahmed was the man who strived to protect the nation from the enemy in the harsh climatic conditions. He was very passionate to serve the nation, so he joined Indian Army and inspired few younger men to join army from his village (Parnepalle, a remote village, Kurnool district, Andhra Pradesh). Unfortunately, he was martyred in the Siachen Tragedy. He is survived by wife and a six months' baby who are left all alone.

But instead of paying tributes to Mushtaq Ahmed's martyrdom, many traitors brainwashed by Mullahs were paying tributes to terrorist Afzal Guru. If terrorist Afzal Guru was a martyr for them, then who was Mushtaq Ahmed, a traitor or a terrorist? They cannot even understand the grief of Mushtaq Ahmed's wife and six months old baby because they only hail terrorists, not patriots.

This was the same mindset that hailed Terrorist Yakub Memon, instead of paying tribute to India's beloved son Dr APJ Abdul Kalam. Now, these traitors may term me as 'saffron extremist' for being Pro-nation. But I don't care. It's better to be called so, instead of being called a traitor.

Fanatic Muslims must understand that Nation doesn't belong to any political party or organisation. Every sane Muslim must take Mushtaq Ahmed as a role model. More Mushtaq Ahmeds must come in the future to sacrifice their lives for the nation.

One of the greatest dilemmas for good Muslims – how-so-much patriotic they may be - is that Al-Taiah or 'divinely blessed fraud' and anti-national ideologies of their leaders and representatives would always put a question mark on their credibility. Therefore, Muslims must keep nation above religion. In fact, nationalism must be their religion. Indian Muslims must pledge themselves to protect our nation against Jihadi forces and thrash the traitors. They must pledge themselves to become APJ, Mushtaq, Abdul Hamid and Ashfaqullah Khan when Afzal Guru, Yakub Memon, Dawood Ibrahim, and Owaisis try to dominate them and make them act against India- their motherland.

Indian Muslims must realise that they might have been converted a few hundred years ago, they might have a different mode of worship, they might have Arabic names, BUT, their Ancestors belonged to this nation, and not Arab countries. We were all one, before the arrival of barbaric invaders. Even now we all are one geographically, genetically, historically and culturally. Being Indian is their only Identity. Once they lose this identity, they are no one. Ram, Krishna, Buddha, Shankaracharya, Guru Nanak, Pratap, Shivaji, Guru Gobind Singh, etc are their ancestors and not these mass-Murderers Ghazni, Ghoris and Aurangzeb. But until this realisation happens and they become staunch nationalist/Indian, this fanatic Islam will continue to remain a threat.

4

Islam means peace BUT Islam charges Non-Muslim for his right to live – Jaziya

In Islam, the concept of Jaziya tax on non-Muslims is disgusting. This is the inevitable part of Sharia law – the Islamic law to be imposed once Islam comes into power anywhere. All Islamic nations that are governed by Sharia impose this tax on Non-Muslims. There were people who openly justified things like Jaziya on non-Muslims because Muslims also pay another kind of tax. They refused to justify why tax-system should be based on one's religion. And no Muslim criticized such views. Discrimination on the basis of religion is something ingrained in their blood from the very childhood, and nothing can be more dangerous for humanity.

This shameful practice has its roots in Quran of modern times. This has been rampant during all Islamic invasions in last 1300 years in India. The Islamic iconoclasm during the medieval

Indian history is replete with instances of torture on the non-Islamic subjects.

Compulsions like disarmament of non-Muslims, sending of women to harems, discriminatory taxation schemes like the Jaziya, the pilgrimage tax were in practice effectively to check the "dhimmi" (non-Muslim) subjects from practising their religion. Islamists cite Quran 9/29 while giving three options to non-believers in a Sharia-run state – get killed or convert to Islam or pay Jaziya as a symbol of your subdued state and a guaranty of safety for your lives and honour.

Pro-Mughal treacherous historians of India hail Akbar for the removal of Jaziya but around six years later when the Hada Rajputs of Bundi accepted the suzerainty of Akbar, they mentioned the exemption from payment of Jaziya as a precondition for accepting the Mughal suzerainty. As usually made out in the cacophony by the secular brigade, Jaziya hardly has anything to do with fiscal impost. It carries a stigma attached to it and aimed at humiliating the Dhimmis.

In the long run, its sole aim is to convert the non-Muslims into obedient Muslims by raising their cost of living beyond limits. Had it not carried any stigma, the Christians of Banu Tabligh tribe would not have agreed to the payment of twice the Zakat Tax instead of Jaziya during the reign of the 2nd Caliph Umar.

The sole aim was to break the fighting spirit of the Dhimmis, so that acceptance of the true faith would remain as the only option for them.

Now a simple application of the grey matter should force us to think that why did the Hadas ask for an exemption from something that had been already stopped years ago. However, nobody bats an eyebrow over the chronic lie that has percolated our history books.

Even if Akbar had removed it, his feudatories continued it as a

vast empire like that of Akbar was hard to be governed by uniform rules. His governors in Bijapur continued with Jaziya unabated.

Sikander Butshikan, the ruler of Kashmir, levied not only Jaziya on the dhimmis but also zakat tax on them.

Fatwa-e-Alamgiri is an elaborate manual that documents how Aurangzeb went about the collection of Jaziya.

The Brahmins were supposed to pay 48 dirhams, the Kshatriya, Vaishyas 24 while the rest 12 dirhams per head per year. The payer had to go to the Kotwal unmounted and had to offer the money keeping his hand at a lower level than that of the Kotwal who was supposed to snatch it as a mark of humiliation.

The land tax or the Kharaj was payable at rates twice those paid by the Muslims. The custom paid by the Hindu traders was also twice those of Muslims. Apart from that Hindus had to pay pilgrimage tax for visiting their holy sites.

The leftist historians might disregard it conveniently, but then such stories need to be studied right from the original sources. Amir Khusrau in his work *Aashiqiya or Ishkiyaan* (edited by Rashid Ahmed Ansari, pg.46) says that had Hanafites not allowed the Dhimmis the right to practise their religion on the condition of payment of Jaziya, Hinduism would have been long wiped out in the surface of Hind.

True Muslims must clearly state that the concept of Jaziya – a tax on Non-Muslims for their right to live in an Islamic country is trash and whichever book has it must be burnt to end terrorism and discrimination. Until Muslims do it, this fanatic Islam will remain a threat to mankind.

(This chapter is actually an article written by historian Rushmore for Agniveer's website. Full credit of this chapter goes to Rushmore).

5

Islam means peace BUT Islamic countries are hell for Non-Muslims

Non-Muslims should have the same rights to propagate their beliefs in Islamic countries as Muslims have the right to propagate Islam in non-Islamic countries.

But as per fanatic Islam, propagating other faith in an Islamic country is an act of war on Islam! Therefore, Muslims do not condemn Saudi Arab or other countries for disallowing other religions but justify their rights to preach Islam elsewhere! And this makes them hypocrites of the highest order. They simply state that it is their internal matter and hence they should not comment. I wonder why they do not apply the same standards for Agniveer. What if Hindus of India declare that like Saudi, now India won't allow any preaching of foreign cult, book and God? Just like there is no temple in Saudi, there will no mosque in India? Can Muslims live in India if Hindus of India create a Hindu Sharia parallel to Saudi?

When Muslims can refuse to comment on Saudi Arab killing apostates in the name of Islam, what prompts them to apply altogether different standards for non-Muslims? Are we not witnessing yet another form of Al-Taqiah?

Look at the conditions of Hindus in Pakistan and Bangladesh. Hindus in Pakistan and Bangladesh have faced greatest ethnic cleansing ever in the history of humanity. From more than 22% of Pakistan population in 1951, Hindus are now reduced to less than 1% in Pakistan.

Either Hindus must convert to Islam, or die. Hindus are treated as second-class citizens there. They are facing the greatest state-encouraged crime against women. Rape and abduction are as common as traffic violations.

They are not allowed to preach Hinduism openly. In Pakistan, thousands of temples were destroyed since 1947. If Hindus raise any protest, then blasphemy laws get applied.

So, if Muslims believe that it is against Islam to allow the preaching of any other religion in Islamic countries, then they should also stop propagating Islam in India and other western countries. There should be perfect equality. And those fanatics who justify only one-sided propagation should be termed anti-Islamic.

In Islamic countries, social and political rights must be same for everyone regardless of religion. And religious rights and criminal regulations must be same all Muslims and non-Muslims. But until that happens, Islam will continue to remain a threat.

6

Islam means peace BUT Islam hates Non-Muslims

This is very critical because there can be no trust on those who eventually dream of non-Muslims burning in Hell forever! In Islam, there can be no greater recipe for hatred than this that non-believers are condemned to Hell forever!

Just imagine! Major Unikrishnan laid his life fighting Pakistani terrorists and safeguarding the dignity of the nation in Mumbai on 26/11. But he would go to Hell as per popular Islamic literature because he did not have Imaan (faith) on Quran, Judgment Night, Angels, Muhammad and other fairy tales. But Ajmal Kasab and all the terrorists in the world who spread so much of nuisance may have virgins in Heaven merely because he surrendered everything to the will of Allah and did Jihad – the greatest worship of Allah!

It is not just Islamic literature full of hatred, but almost all preachers and leaders of Islam across the world are hate-mon-

gers. Common Muslim in India is even more tortured by these fanatic, superstitious, and low aptitude madmen than rest of the world.

And under the influence of these preachers, radicalised Muslims in the world believe the following:

1. All non-Muslims will go to hell, come what may.
2. Hindus are worst of creatures in the world because they worship idols.
3. Those who fight to conquer India and make it Islamic will get best virgins in Paradise.
4. Anyone who fights to promote Islam and destroy Jahalat (disbelief in Islam) is a Jihadi and best Muslim. You are allowed to take up arms for Jihad.
5. You are allowed to lie and fool to promote Islam (Al-Taqiah). So pretend to be patriots and Hindu-lovers when strength is less. And then show true green colour when the time comes.
6. All non-Muslim women are your personal property. Just don't marry them. Keep them as sex-slaves. You have unlimited stock of such sex-slaves. You can even freely exchange and distribute among yourself.
7. If you leave Islam, you must be killed as per Sharia law!

So it is obvious with whom they will sympathise. Pity on those few good nationalist Muslims who have to carry the sins of these perverts. No Muslim leader ever called APJ Abdul Kalam as a true Muslim. And good common Muslim who admires him is considered a traitor!

Islam burns all non-Muslims, regardless of their good deeds, in Hell forever. Thus, if there is a benevolent non-Muslim who

refuses to believe in Quran, despite being given an invitation to embrace Islam, because he or she did not find Quran convincing, or because he or she does not know Arabic or a host of other reasons, it will only lead to one place – eternal hell.

For example, the great saints, freedom fighters, soldiers and social workers who lived a pious life, knew about Quran, but remained non-Muslims because Quran did not appeal to them, would go to Hell as per Islam.

Any criminal would go to Heaven simply because he surrendered to Quran and Islam and said a 'sorry'! So all those terrorists who kill, rape and loot in the name of Islam have fair chance to go to Jannat.

The Islamic clerics must address this issue very clearly to cleanse Islam of allegations of fanaticism and hatred for non-Muslims. Muslims should also, accordingly, reject all those translations/versions of Hadiths and Qurans that teach hatred against non-Muslims.

The test is simple. If any mullah or scholar or person or hate preacher suggests even slightest of punishment (forget about eternal hellfire) for non-Muslims in this world or hereafter, know that he belongs to ISIS brand of Islam and needs to be observed carefully and needs to be reported to law enforcement agencies. They are the real enemies of true Muslims, Islam and Humanity.

The government of the country must take strong action against such criminals. Muslims must refuse to listen to them. They must throw their books in the dustbin and burn their videos. And until that happens, fanatic Islam will continue to remain a threat.

Islam means peace BUT Followers of Islam are most violent

Isaw a video on social media titled 'Three Puppies Burnt Alive by Boys'. I saw some six teenagers (2 with skullcaps) had confined some puppies using bamboos and garbage somewhere in Hyderabad, India. Then all of a sudden, they set the whole confinement on fire. Screams of puppies were heart-wrenching. But the six teenagers who did the act were all laughing in joy. A puppy tried to come out with all his efforts but was pushed back into the fire by inserting bamboo in his eyes.

Yes, you all will hate it. You all will cry. But here are some observations.

1. Whenever such acts take place, you can always see skullcaps. Exceptions are there. But this is true for most cases. From Yazidi women in Iraq to Christian girls in Nigeria, to slow halal of cows worldwide to burning of puppies in Hyderabad. From Muhammad Bin Qasim 1300

years ago to every place in the world today.

2. You will ask how someone can possess such hate for puppies that are just a few days old and could hardly walk, forget about harming anyone. I will tell you. There is a cult in the world according to which slitting an innocent's throat in slow painful manner is a way to heaven. When blood, screams, fear, knife and swords are made the gates and keys of heaven, such fanatics are bound to burn innocents on roads.
3. You will be shocked to know that the popular Islamic translations have verses asking Muslims to kill dogs as they belong to Satan. What you see in the video is just the fulfilment of the same.

Here is a sample:

Bukhari Vol. 4, #540

Narrated 'Abdullah bin 'Umar: Allah's Apostle ordered that the dogs should be killed.

Abu Dawud #2839

Abd Allah B. Mughaffal reported the apostle of Allah as saying: Were dogs not a species of creature I should command that they all be killed; but kill every pure black one.

Muslim #3814:

Ibn Mughaffal reported: Allah's messenger ordered the killing of dogs and then said, "what is the trouble with them (the people of Medina? How dogs are nuisances to them (the citizens of Medina)? He then permitted keeping of dogs for hunting and (the protection of) herds. ...[and for] for the protection of cultivated land.

Muslim #Number 055:

Ibn Mughaffal reported: The Messenger of Allah ordered killing of the dogs, and then said: What about them, i. e. about other dogs? And then granted concession (to keep) the dog for hunting and the dog for (the security) of the herd, and said: When the dog licks the utensil, wash it seven times, and rub it with earth the eighth time.

Sahih Muslim #5248

Maimuna reported that one morning Allah's Messenger was silent with grief. Maimuna said: Allah's Messenger, I find a change in your mood today. Allah's Messenger said: Gabriel had promised me that he would meet me tonight, but he did not meet me. By Allah, he never broke his promises, and Allah's Messenger spent the day in this sad mood. Then it occurred to him that there had been a puppy under their cot. He commanded, and it was turned out. He then took some water in his hand and sprinkled it at that place. When it was evening when Gabriel met him, and he said to him: You promised me that you would meet me the previous night. He said: Yes, but we do not enter a house in which there is a dog or a picture. Then on that very morning, he commanded the killing of the dogs until he announced that the dog kept for the orchards should also be killed, but he spared the dog meant for the protection of extensive fields or big gardens.

Clearly, unless you use the dog for protection, killing them is a religious deed. Had the butchers (all minors) in video been more educated about Islam, they would have killed "black puppies". But they would have still killed.

And since Allah forgives mistakes if you remember Allah and his Prophet, you have a license to fulfil any pervert fetish by reciting the Kalma!

This act took place in Hyderabad. Interestingly, this is also the city that provides most number of toilet cleaners for ISIS. The graveyard where this video was shot by these 'proud' Jihadis is very close to the place where Muslim politicians spit hatred.

Few more examples of Islamic Brutality:

1. Look at ISIS. They do not shoot. They behead. Not suddenly but slowly.
2. Look at Mughals. They tortured Guru Arjan Dev to death.
3. They beheaded Guru Tegh Bahadur.
4. They cut Chhatrapati Shivaji's son Sambhaji into pieces.
5. They bricked sons of Guru Gobind Singh alive.
6. They burned Bhai Sati Das alive.
7. They tore Bhai Mati Das into two.
8. They chopped Banda Singh Bahadur's son into pieces, made Banda Bahadur eat his son's flesh and then chopped Banda.
9. They killed millions of Hindus like this.
10. They raped millions of women before killing like this.
11. In Delhi gang-rape case an iron rod was inserted into her, and the intestines pulled out by Hindu-hating Jihadi – Mohammed Afroz. Same happened in the case of Jisha-woman raped in Kerala. Her private parts were brutalized with glass-pieces/sharp weapon. Later, it was revealed that the man was a Bangladeshi Muslim named Amir ul Islam.
12. Pakistan did same with Captain Saurabh Kalia and his men. Pakistani soldiers tortured them for days in peace time. They burned their bodies with cigarettes, pierced their ear-drums with hot rods, punctured their eyes before removing them, broke most of their teeth and bones, and fractured their skull and cut their lips. They chipped their nose, chopped off their limbs and private organs besides

inflicting all sorts of physical and mental tortures. It all continued for 22 days. And then one day, they were shot dead.

13. Even in Europe, brutal stabbings, running vehicles over the crowd, brutal rapes, etc. are part of everyday news.

Can we not see the similarity in above? The killers were Jihadis and following Islam – ‘The Religion of Peace’.

What Indians and rest of the world need to understand that the era of Islamic brutality is back. Fanatics are sharpening swords for our necks. They are learning to enjoy screams, helplessness and pain of the other. Soon, it won't be puppies. It will be human beings. It is already happening in Iraq, Syria, Saudi and Pakistan.

All democratic and secular nations of the World must open their eyes. Instead of brushing this under the carpet saying it a stray incident, they need to see patterns. All terrorists, their sympathizers, extremists, India/Israel/America/Europe-haters are coming from the same quarter. It is time to decide whether to fight back or get lost in the oblivion.

It does not matter if you are Hindu, Christian or Jewish or a true Muslim believing in peace. Unless we stand strongly against any brutal practice in the name of religion, we will face the same holocaust – rape, beheading, and burning alive.

It is already happening today. It is time to stand up against this nonsense and adopt Zero tolerance to Islamic brutality. But until that happens, fanatic Islam will continue to remain a threat.

Islam means peace BUT Islam hates Idols and Idolaters

Most of the Muslims are brainwashed from childhood to hate non-Muslims and in particular idol worshippers. Because as per Islam idol worship is considered as the greatest sin and idol worshippers are the worst of the creatures [Quran 98/6]. There is a pattern of hating idols -

Mahmud Gazani plundered Somnath temple and killed thousands of Hindus in order to follow divine teachings of Quran.

Sikandar Butshikan (iconoclast) destroyed hundreds of Hindu temples in Kashmir. It took him one full year to destroy the Sun temple at Martand, the architectural marvel.

Babur destroyed the Ram Temple of Ayodhya in memory of his gay partner Babri.

Jama Masjid is actually a Hindu temple and Taj Mahal is actually

a Shiva temple. In reply to a recent RTI, the government body has confirmed that they have no evidence of Shah Jahan building Taj Mahal.

Aurangzeb destroyed countless temples and gurdwaras because idol worship is sin in Islam. Kashi Vishwanath temple, Kesava Deo temple (birthplace of Lord Krishna), and Somnath Temple were three prominent shrines among thousand others that had to face his hatred for Hindus.

Tipu Sultan destroyed Thali, Thiruvannur, Varackal, Puthur, Govindapuram, Thalikkunnu and other important temples and many Christian churches to prove that he is a loyal follower of Islam.

Thousands of temples have been destroyed in Pakistan and Bangladesh after partition. In almost every riot in India, temples are being destroyed.

True Muslims need to come forth and declare that all good idol worshippers will also go to Jannat. But until they do, this fanatic Islam will continue to remain a threat.

Islam means peace BUT Followers of Islam are most incompetent

In January 2016, a company based out of US has fired 190 Muslims from a job for going on strike over not getting special prayer break. People asked about Agniveer's stand on this. I replied to one of them and it turned into a debate in no time. Here are excerpts of what happened next.

Muslim friend: Look look, the whole world is against Muslims. US Company fired 190 Muslims just because they asked for extra prayer time. Then they say Muslims are terrorists if Muslims retaliate. And you are still writing against Muslims.

I: How many prayer breaks are given to Hindu/Sikhs/Jains during Navratri, Holi or Diwali in Saudi Arabia?

Oh, wait! I just forgot that Non-Muslims are not allowed to build their holy places in Saudi. So, no temple, no prayers. Forget about extra prayers.

Muslim friend: You are Islamophobe. Look, every country has its own laws. Why dragging Saudi Arabia into all this? They have their laws. We Indians have a secular constitution. Let's talk about India only.

I: So is the US an Indian district that you started dancing over the US-company issue in beginning?

Just like every country has its own laws, every company has its own policy. If they think nobody should get extra prayer time, it's their choice. You don't like it, resign. Why playing the victim card?

If you are happy with each country having its own laws (no matter how regressive they are to others), WHAT IF someday, India bans mosques and Islamic literature just like Saudi has banned temples and Hindu texts? If it hurt your sentiments, why don't you speak against Saudi's Sharia laws that treat Non-Muslims like 3rd class citizens?

Muslim friend (who was not a friend any longer): You are talking like Trump. In that case, we will have no option but to fight you.

I: So if Non-Muslims wage war against you for having regressive laws in the centre of Islam, Saudi, will it be ok with you?

Muslim friend: Do it if you can, lol. Might will decide who is right.

I: A company showed its might. Company kicked out 190 Jihadis. And you are crying like hell. Talking of war? Better be humans, live and let live. Give others what you want others to give you. Or else, prepare to cry perpetually.

Muslim friend: Who are you?

I: Love for lovers. Hell for haters. I am a polytheist for monotheist terrorists. I am an atheist for Jihadi God. I am what noble people love. I am what demons hate. I am Agniveer. Be careful.

The debate ended with Jihadi's cries and victimhood.

Basically, this is the case of a typical Jihadi who is taught to stereotype everyone as Islamophobe who questions them for being abusive and aggressive. They live in their world of hateful imaginations and create allegations that exist only in their minds!

So, until we learn to hit the fanatics where it hurts them the most and crush them even before they become violent, fanatic Islam will continue to remain a threat.

10

Islam means peace BUT Islamic literature is most violent

There is a terror attack every day, every other hour, in some or the other corner of the globe. The attackers are, in most cases, driven by fundamentalist thoughts of achieving a heaven full of virgin girls and wine for killing Kafirs as described in Quran and Jihadi literature. Yet the same literature is being allowed to be openly published and spread this religious hatred against 'non-believers', and how they deserve nothing but eternal hell-fire in case, they choose not to accept the Merciful Allah and related Prophet.

Omar Mateen, the Florida Shooter gunned down 49 people and injured 53 in a lone-wolf attack on June 12, 2016. He is proud to be behind the biggest mass-killing on US soil since 9/11, and worst shooting incident in the entire history of USA.

Here are five shocking facts about him that propelled him to perform such a brutal act of hate. These are also the facts that

reveal a Jihadi John or Imran Khawaja beneath a normal smile.

1. People close to him have revealed a strong influence of Radical Islamic literature. These are the same Islamic texts by which major terrorist groups of the world swear to operate.
2. His close ones have revealed him as an extremely volatile individual because he was under the influence of Islamic literature full of extreme hatred towards non-believers. These fanatical tendencies even caused him to leave his job as a security guard.
3. Law enforcement authorities have revealed the presence of ISIS videos and fundamentalist media in his electronic devices. This only proves that the Islamic literature's available translations of today act as a perfect fuel to any fanatic spark within a volatile individual.
4. His ex-wife has revealed him as a physically abusive man having little control over his anger, which made her concerned about her safety. Reading the Islamic texts' translations would in no way have helped counter those tendencies, which even describe how and why a man is to keep his wife in control with methods ranging from beating her up to keep her in constant fear of instant verbal triple talaq without the need for any explanation required!
5. His choosing of a Gay nightclub to vent out his anger for the last time further demonstrates the hatred that the Islamic literature can fuel into a fundamentalist mind. Hatred and contempt are filled in these texts for anyone and everyone who refuses to believe in Prophet and his instructions. And he heavily consumed these texts according to his colleagues.

This clearly is a case demonstrating perfectly what these texts

do to a fanatically inclined mind. And the loud proclamations that there's nothing wrong with these texts and the religion, are merely adding to the damage which is continuing since long enough now, because of the Ostrich-behaviour of our elitist world leaders.

When such brutal attacks happen, no Muslim comes forward to say that all such Hadiths, translations of Quran and Jihad literature which promote hate and violence must be banned.

No Muslim comes forward to say that any translation of Hadiths or Quran and Jihad literature insult Muhammad or humanity, in general, should be rejected regardless of they being called 'Sahih' or not. For them, it is ok to call Prophet a paedophile, rapist, murderer, psychopath, and lecher and they would go all lengths to justify all these through most perverted logic. But they would not agree to simply reject all these bogus verses that insult Prophet. To the fanatic Muslim, their uneducated Ulemas and semi-literate Mullahs are more important than Prophet.

So blinded are they by the vision of fanatic Islam, that they refuse to apply their minds to conclude even this much that if Islam means humble submission or peace, all the verses of Quran or Hadiths that talk of contrary have to be false!

Also, there is no check on so-called preachers who prey on the vulnerable and fanatically inclined youth, and who brainwash them to believe that joining ISIS is the best use of their potential, even if it means having to clean toilets in Iraq for the Islamic State.

For some, it is difficult to digest that personal belief is indeed personal. You can talk as much as you want about why your belief-system is best, but eventually, the decision to choose a belief system is personal. If you think someone is following a wrong belief system, let God punish him. Why must you be an agent?

Ironically though, many Islamic religious shops of today thrive on hatred. Such shops must be destroyed to bring communal harmony.

Various translations of Quran and Hadiths taught in Madrasas must be brought and reviewed for following:

1. Do these translations claim that non-believers will go to Hell?
2. Do these translations differentiate between believers and disbelievers?

If yes, all such translations and publication must be outrightly banned. These silly translations are making the mess of our beautiful world. So, the only way is to attack the source and destroy the source of hatred and fanaticism. Or else, these lone-wolf attacks will keep making a mockery of our faith in awesomeness and preciousness of human life.

Let there be a total boycott of all translations and texts that breed hatred towards non-believers and women.

Let those among Muslim community, who want to be remembered as messiahs of Peace and humanity, come forward, and vocally and openly reject all those verses that call for the destruction of non-believers.

And if they really want the world to accept them as a non-threat, let them all openly proclaim that it is not required for a person to believe in any book/ God or prophet to achieve bliss either here or after.

Let the publishers bring out alternate translations that do not have these defects.

All Islamic books, audios or videos that explicitly suggest punishment (divine or non-divine) and hatred against non-believers must be removed from circulation. But until that happens, this

Islam means Peace BUT

fanatic Islam will continue to remain a threat.

11

Islam means peace BUT Followers of Islam worship invaders

Islamic history has nothing to do with peace and is only a saga of brutal bloodshed. Muslims are being fooled to believe that Muslim rulers had anything to do with humanity, intellect, or constructive activities. They were simply pythons eating even their own species. All those Muslim rulers like Babur who admit in their own biography of indulging into paedophilia, sodomy, cutting thousands of heads, narcotics and keeping a harem of women are not actually Muslims but disgrace in the name of Islam.

But we have majority of Muslims demanding Babri Masjid back in Ayodhya over Ram Janma Bhumi! Why? Do they believe their bloodline started from Babur? Just talk about Islamic invaders with any Muslim friend and you will see a pride in his eyes. 'We ruled you Hindus for 1000 years', is what every common Muslim in India believes. And believes with pride.

In my book 'The Naked Mughals', I have given examples of what butchers like Babur, Humanyun, Akbar, Aurangzeb and Tipu Sultan did with their family members. Just imagine how disgusting their overall lives would have been! If these butchers could gouge eyes of their parents and children, imagine what they would be doing with their people and especially whom they called Kafirs? And just imagine, what is the level of hatred those Muslims hide inside their hearts who glorify such monsters!

What more can we expect from those who could not be loyal to their own fathers, mothers, brothers, sisters, sons and daughters! When these false representatives of Islam could not be faithful to their own father, brothers, sisters and children, how can we expect them to be human enough to promote compassion among rest of Muslims and non-Muslims? And how can those who glorify such perverts conduct any other noble act apart from terrorism?

But see what Indian Muslims are doing? Shahi Imam of Tipu Sultan mosque held prayers for Osama Bin Laden in Kolkata. A terrorist-mentor prayed for another terrorist in a place named after another terrorist.

Instead of taking pride in these butchers, Muslims should take pride in true heroes of the nation – Ram, Krishna, Hanuman, Shankaracharya, Pratap, the Sikh Gurus, Shivaji, Banda Bairagi, Ashfaqullah Khan, Abdul Hamid, etc. These are the heroes who ensured that our country remains intact. Because of our heroes, despite the claims of Muslims ruling India, the fact is that they were never able to dominate India fully and were constantly in a fight with brave natives.

Finally, the butchers were destroyed, but their supporters have emerged today in a new avatar of Terrorists/Mullahs/Scholars trying to continue keeping Muslims uneducated and torturing non-Muslims. Muslims MUST rise up to reject such new avatar of Terrorists and stop glorifying such rascals and murders of their forefathers completely. Muslims should refuse to have any allegiance – emotional or historical – with their ruling elites

and those who admire them. You can't expect a worshipper of murderers to promote peace! A cockroach cannot give birth to an elephant! Muslims must start living the legacy of Pratap and Shivaji. And until that happens, this fanatic Islam should be seen as a threat.

12

Islam means peace BUT Islam kills 'apostates'

A Muslim who could not find Islam addressing his questions and thus converts to another religion has to be killed as per Sharia law. Such person is called Murtad (apostate – someone who has turned away from Islam) and is killed in Saudi Arabia as per government's laws. Forget about propagating his or her new religion. Interestingly, those Muslims who want all rights of converting people to Islam in India support Saudi in killing Non-Muslims for doing same! Height of shameless hypocrisy!

Good Muslims simply do not come to debate or defend Islam or Quran. They peacefully indulge in their activities but are scared to condemn fanatic Muslims because these fanatic Muslims have a grip over Muslim population.

I met a few noble-hearted Muslims who admitted that new Quran and Hadiths are erroneous and have nothing to do with actual Islam. But they feared to come in public with such views because

they are scared of the brutal dominance of terrorist minds over Islamic society that cannot tolerate any questions. The safety of their lives and those of their near and dear ones prevent them from condemning the false but dominant Islam in the open.

While I would be immediately condemned for anything against their views, Muslim preachers would not dare criticise fanatics like Zakir Naik for his intolerant views on apostasy because Islam forbids condemning fellow Jihadis. This is because as per modern Islam (Quran and Hadiths), the first and foremost criteria to qualify as being innocent, or humble, or deserving mercy, or not deserving hatred is being a Muslim (ISIS version). Being non-Muslim is the greatest crime for absconders like Zakir Naik and his followers.

True Muslims need to show guts. Ask if Muslims support Saudi in killing someone who left Islam, will they also support India if it brings law to kill everyone who tries to convert people to Islam in return? And until the majority starts to take on Saudi and Islamic laws, this fanatic Islam will remain a threat.

13

Islam means peace BUT Sects of Islam are at war with each other

The Prophet is supposed to have said that his followers shall get divided into 73 sects and only one of them will have the key to heaven. Rest will rot in hell. But due to bloodshed and rivalry among family members of Prophet and fraudulent killing of his grandsons, there have also been historical reasons for sectarianism in Muslim community.

There are a large number of sects among Muslims, even within traditionally famed Shia and Sunni. Classic Islam puts the number to 73. Today there are many more. Some sects even believe in rebirth and idol worship.

But as per a prophecy, only one of these 73 sects will go to Heaven. So each sect thinks it is the true sect and other sects are fraud. Each sect has its own interpretation of Quran and Hadiths. Each sect believes that only their interpretation of Quran and Hadiths are correct and others are false. No sect understands original

Quran. If one could understand, he would be a prophet himself! So they all go by translations and what Moulvis say. This has led to a blind cult mindset.

Overall, Muslims are united when they are in the minority against the 'threat' of Non-Muslim majority. As their population increases, they start fighting with each other. Every sect has a different mosque, and you cannot enter if you are outside that sect.

So Wahabi sect and sects like Peace TV brand IRF believe that graves are anti-Islamic. That is why they bomb Sufi shrines. Sufi sects believe that their Sufi saints had miraculous powers like drinking entire lake. A rational person would laugh them off or consider them as very private faith. But they take these seriously and want the whole world to take them seriously. Wahabis have been after Prophet's grave for centuries and had even destroyed it once or twice. Because they believe maintaining graves is anti-Islamic.

Barelvi will abuse Deobandi who will abuse Wahabi who will abuse Ahle Sunnat wal Jamaat who will abuse Shia who will abuse Bohras who will... As the population increases, abuses turn into armed fights and terror attacks. So a Sunni follower will reject Shia sect. Wahabi will bomb Sufi. Sufi will talk of miracles that even Prophet could not do. It is a mess and a perfect recipe of terrorism.

But smart Muslims like APJ Abdul Kalam and Pervez Hoodbhoy would follow their own intellect and become legends, instead of following someone's notion on a book no one understands. Every Muslim should be smart enough to use his brain and not follow any Islamic texts or any sect blindly and must follow the golden rule: 'Treat others the way you like to be treated.' But until that happens, this fanatic Islam will continue to remain a threat.

14

Islam means peace BUT Islam kills 'Blasphemers'

In January 2011, the governor of Punjab was assassinated by his guard in Islamabad for his stand against Blasphemy Law. Salman Tasser, the governor, was a liberal advocate of religious freedom and had to sacrifice his life for this 'crime'.

The genesis of this murder lies in the very formation of modern Quran 20 years after the death of Prophet. (Some Muslim sects allege that he was murdered by his wives Aisha and Hafsa.) It started with brutal murders and chopping off hands of a large number of people alleged to be promoting different versions of Quran. Muhammad himself never compiled Quran in the form of a book. He did not even give it the exclusive name of Quran and referred to it merely as a collection of good thoughts. However, after the new Quran was created mixing original thoughts of Prophet opulently with the fanatic views of his followers, the Caliph, who compiled the new Quran, was also murdered while he was reading it, by other Muslims.

To further 'fanatize' the Quran, additional stories called Hadiths were concocted that alleged to detail sayings and deeds of Prophet that could not be covered in Quran. And thus, a diabolical faith was created.

Few decades ago, Jinnah – an Englishman in practice – used this fanatic Islamic mindset to carve out Pakistan from India. However, since the bulk of Muslims in Pakistan belonged to Hindu ancestors (Jinnah himself was a Muslim for two generations only!), the concept of blasphemy could not appeal to them. After all, the chords of culture are stronger than threads of religion. Thus, despite its anti-India bias and illiteracy prevalent among masses, Pakistan still remained a relatively liberal country.

But then came the era of Zai-Ul-Haq, the dictator who used Islamic fanaticism for his political gains in the seventies and early eighties. He encouraged the promotion of terrorist ideology and designed to use terrorism as a tool against India and his own rivals. Unfortunately, the Frankenstein that he created killed him like the Bhasmasur. But by then the damage was done. This butcher enacted several fanatic laws like Blasphemy Laws and Hudood Ordinance.

The Hudood Ordinance was a disgrace to women rights and led to the justification of rapes and gang rapes in the name of Islam! You can search out more details yourself. The Blasphemy Laws in Pakistan's Criminal Code allowed even a death sentence for anyone uttering even a word against Quran or Muhammad.

Blasphemy Laws are nothing new. They have existed since the dawn of Semitic religion. The concept was first popularized by Christians who found death to be the only answer against any rational question put to them. Islam that rose in protest against brutal Christianity of medieval ages had to be even more brutal to combat it. Thus, Islamic fundamentalists took the concept of blasphemy to another level.

In November 2010, a poor Christian lady Asia Bibi was sentenced

to be hanged till death under these laws for allegedly insulting Muhammad during a verbal fight with some Muslims when they refused to drink water touched by a Christian. Salman Tasser, the governor of Punjab, defended Asia Bibi and called for the repeal of Blasphemy Laws. And hence, he was sent to Hell by a Ghazi!

What has been even more shocking than the assassination incident is that many intellectual Muslims, those who are educated, were also justifying the murder! More than 500 clerics of Pakistan have hailed the murderer as a Ghazi – an Islamic warrior. They have openly threatened others who follow the stand taken by the governor!

Some recent events in India are pointing to even dangerous state in India. Several individuals who dared to speak about Muhammad were threatened with death.

The logic is that no Muslim can tolerate insult of Muhammad. Hence, all people who demean Muhammad should be killed. A liberal Muslim went a step ahead and stated that all those who insult any revered figures should be killed.

Here are some questions to this fanatic logic:

1. Who will create the list of people and books against whom blasphemy will result in death? What will be the criteria? How will the list be updated?
2. If one says that popularity should be the criteria, then perhaps you justify those people who condemned Muhammad when he had only a few supporters and had to flee Mecca.
3. How do you define religion? What if I say that Agniveer is also a religion?

*“Muhammad in
Jaish e Muhammad
doesn’t upset Muslims.
Muhammad in ‘blas-
phemous’ Facebook
post does.”*

4. How do you define blasphemy? If it means insulting any faith, then Quran itself condemns Jews, Christians, idol worshippers and openly states that these people would go to Hell. Does it mean that all who swear by Quran should also be tried under blasphemy laws?
5. And if Quran is not blasphemous by stating that all Jews, Christians, and Idol Worshippers will go to Hell, in that case if someone says that 'Prophet will go to Hell' then he is also not being blasphemous, right?
6. What would constitute an insult? Some Muslims say that Ahmadiyas are also insulting to Muhammad and hence blasphemous. Others say that Shias are insulting because they consider Ali to be at par with Muhammad.
7. Would Prophet Muhammad himself have endorsed the killing of those who differed from him? Did he ever do so? If yes, please cite with evidence. If not, why try to surpass the Prophet?

This entire concept is full of blatant loopholes and does not fit into the scheme of any rational mind. Any belief without a rational or intuitive backing will result in miseries. In other words, blind belief is a recipe for doom.

Treating all living beings with tolerance and compassion is humanity. Therefore, any hate speech inciting people to violence against innocents or causing them troubles deserves punishment. This is not restricted to religion specifically but in general regarding anything. There should be no religious colors to it and the punishment should be proportionate to the crime committed.

Salman Tasser may have been a vile man in his personal life as many allege. And Asia Bibi may be a repugnant lady. But does that suffice to kill them?

If indeed the fanatics believe that insult of Muhammad is the gravest sin, then they should take up the challenge to convince

the culprit for a change of heart through purely intellectual and honest efforts (After all, religion stands for honesty) and kill the hatred/ foolishness inside her that made her insult Muhammad. And if that does not work out, leave her to be punished by Allah himself instead of you taking up His responsibility and killing every other person who is against the theory of blasphemy. Jihadis must not bypass law. They must not issue fatwas or kill someone because they dislike something. They must follow the civic procedures made for every law-abiding citizen to express our differences. But until that happens, this fanatic Islam will continue to remain a threat.

*“Any belief without
a rational or intuitive
backing will result in
miseries.”*

15

Islam means peace BUT Questioning in Islam is sin

No popular translation of Quran and Hadiths exist in any major language that does not teach hatred for non-Muslims. All of them abuse idol-worshippers, call for Jihad, ask for the subjugation of women, suggest Jaziya and encourage superstitions. The penalty for questioning or refusing to believe is up to death!!

People who came with liberal translations were either killed or given fatwas. Many Quran narrators were killed immediately after the death of Prophet. Sir Syed Ahmed Khan's Quran was banned because of this.

A religion that says questioning is sin is bound to give rise to blind followers – perfect breeding ground for terrorists. In all Islamic countries, there is punishment for blasphemy or insulting prophet. While insulting any religious figure is in bad taste, why have punishment for questioning Muhammad alone, and why no

punishment for insulting a Krishna, Hanuman or Jesus?

Because of lack of questioning, Muslim society is uneducated, superstitious and intolerant. Hence terrorism breeds. Any sane Muslim is driven out by mad zombies.

Unless questioning is encouraged in Islam and until Islamic society gets tolerant of blasphemy, Islam will remain intolerant religion. Until Islamic leaders announce that any non-Muslim can also go to heaven, and there is no big deal in rejecting Quran or any Islamic literature or prophet or Allah, this fanatic Islam will remain an ideal breeding ground for terrorists, and hence continue to remain a threat.

Islam means peace BUT Islam sympathises with terrorists

Most of the peaceful Muslims do not dare to condemn fanatic like Zakir Naik for his justification of killing apostates and forbidding non-Muslims to preach in Muslim countries yet have rights for Muslims to propagate Islam in non-Muslim countries. For them, fanatics like Zakir Naik are more important to them than Muhammad!

There are many Muslims who vaguely agree to peaceful beliefs of Hindus and other non-Muslims, but they still refuse to reject or condemn the books and people who support such views strongly. They show the greatest sympathy for terrorists because they believe that terrorists are the greatest warriors fighting for Allah.

When Osama Bin Laden, the Most Wanted Terrorist of the Century, was shot dead near Islamabad, the capital of India's friendly neighbour Pakistan, the world believed that it indeed is a matter of rejoice for all lovers of tolerance and humanity.

Especially for ordinary Muslims, this appears to be the end of a decade of humiliation. For a whole decade, the ordinary Muslim was harassed and perceived as a terrorist despite his claims of Islam meaning Peace and Quran being a book of tolerance. In airports, there was special checking for Muslims. In western countries, people would look with mistrust anyone who had a beard, turban or a cap. Even Sikhs were victimized in the USA because to an ordinary westerner, a Sikh and bearded Muslim look similar.

The news of the killing of Osama Bin Laden gave an opportunity to Muslims to have their image restored in the world community.

But the point of concern is that only handful of Muslims across the world hailed the death of Osama bin Laden as a victory of humanity and vindication of true Islam. Making the situation worse, the so-called representatives of Islam even condemned the killing of Osama Bin Laden and continue to hail him as a hero!

Fanatic Muslim like Zakir Naik was an ardent supporter of Osama bin Laden ever since the times he was listed in Top 10 most wanted terrorists. He even refused to listen to taped confessions of Osama bin Laden released by Al-Jazeera and merely blame the media for branding Osama bin Laden as a terrorist.

And nothing could be more damaging to the average Indian Muslims because when rest of the world welcomed the killing, it is the Indian mullahs who showcased their loyalty to fanatic Islam and condemned the killing. But why?

Is it because they have a source of funding that originates from the same source that finances or financed Osama bin Ladens of the world?

Is it because they are actually hand-in-hand with such terrorists?

Is it because they being scholars of Islam know that what Osama was doing was as per their version of Islam?

Is it because they believe that it is prohibited in Islam to condemn a fellow Muslim, how so much wretched?

The reason could be anything. I don't know for sure. But I know that the organisations and people who condemned the killing of Osama exclude:

1. Muslim Brotherhood of Egypt that plans to install Islamic Shariat in Egypt.
2. Hamas – the militant group joining Palestinian government and partners of Muslim Brotherhood.
3. The Hamas prime minister of the Gaza Strip, Ismail Haniya, said

“We condemn the assassination of a Muslim and Arab warrior, and we pray to God that his soul rests in peace.”

4. Tehreek-e-Taliban – the banned militant outfit of Pakistan said

“We will avenge Osama killing.”

5. Syed Ahmed Bukhari, Imam of Jama Masjid, Delhi said

“When did any court of law in the world convict Bin Laden of terrorist activities? The killing (of Osama) is a continuation of US interference in Libya, Iraq and Palestine.”

6. Maulana Arshad Madani, President of one faction of the Jamiat Ulama-i-Hind said

“I do not believe he indulged in terrorism.”

7. Asghar Ali Imam Mehdi Salafi, General Secretary of the Markaze Jamiat Ahle Hadees Hind – one of the oldest Muslim organisations in the country and believed to have Wahabi roots said

"This is a conspiracy of the enemies of Asia and of Islam to paint Muslims in a bad light."

8. Jamaat Islam-i-Hind president Jalaluddin Umri said

"It is only America's contention that Osama was a terrorist. There is no reason for us to take their words at face value. As for his having been killed inside Pakistan by American forces that is something Pakistan should get worried about."

9. Syed Geelani, Hurriyat Conference, Jammu & Kashmir said

"He was a symbol of resistance against the US, and he was martyred while defending the Muslims."

I deplore the views of these myopics who do not want to provide any opportunity to the ordinary Muslim to come out of the terrorist stereotype.

This is just one example. Even bigger shock came when thousands of Muslims gathered for the funeral of Yakub Memon who killed hundreds in Mumbai bomb blast and Burhan Wani, a commander of the militant group Hizbul Mujahideen. Did those terrorists deserve such a hero's farewell?

To all those Muslims who indeed believe in tolerance, peace and humanity, I would like to urge that:

- Openly condemn all those mullahs and false representatives who are defending many terrorists like Osama bin Laden and harming the interests of the ordinary Muslim.
- Openly refuse to have anything to do with these Imams, representatives and their mosques. Allah is everywhere but not with supporters of terrorists.
- Come out strongly in condemnation of terrorists like Osama, Yakub Memon, Burhan Wani and all those who directly or indirectly support them.

- Assert publicly that Allah does not differentiate between Muslims and non-Muslims, men and women, Arabs and non-Arabs when deciding whom to reward and whom to punish – either in this life or afterlife.
- Openly condemn all those translations of scriptures that indicate to the contrary of above and are referred by these false representatives to differentiate between Muslims and non-Muslims.

But if you do not take the responsibility and continue showing sympathy for terrorists, you will be held responsible for making sure that this fanatic Islam continues to remain a threat.

Islam means peace BUT 'Terror has no religion' is a joke

After every attack from ISIS, Taliban, Al Qaeda, Boko Haram, SIMI, JKLF, Omar Mateen, Jihadi John etc, we hear – ‘Terror has no religion’, ‘Islam means Peace’, ‘It is just a few bad apples that have nothing to do with Islam’, and ‘ISIS is not Islam’, as if these one-liners are gospels from latest book of God that one must recite without applying brain.

I would appreciate that followers of ‘Terror has no religion’ cult prove their stand with reasoning and actions. It is time for some hard interrogation. Don’t be vague. Be specific. So, let’s start:

Quran, Sahih Bukhari and Sahih Muslim – these are the top three religious books of Sunni Islam.

Please provide names of published translations of these three books that are popularly read by peaceful Muslims and teach that non-Muslims will also go to heaven.

Please provide names of published translations of these three books that are read by those who kill in name of ISIS or Boko Haram.

Since most terrorists in Europe, America, Australia, and India do not know Arabic, please provide the names of above translations in English. This will also help most people in world verify the claim of 'terror has no religion'.

Please point out what are the differences in translations used by peaceful Muslims and ISIS terrorists.

The most popular translations of Quran, Sahih Bukhari, and Sahih Muslim available in English are blatantly violent against non-Muslims, especially women.

Refer Quran.com that has 10 different translations of Quran in English and around 50 in other languages.

Refer Sunnah.com that contains the ONLY English translation of Sahih Bukhari, Sahih Muslim and 11 more Hadiths.

Why are all of these translations full of hatred against Hindus, Jews, and Christians? Why do they justify making sex-slaves out of non-Muslim women? Why do you think one would not become a terrorist if he takes these translations seriously that promise rewards for hating non-Muslims and punishment for loving them?

If all these translations are misleading, where are those translations hidden that are clearly peaceful? Why are they not in publication? Where can we find them? Why are they not popular?

If you claim that one can misinterpret Islam if one studies any translation without learning from an expert, then why are all Muslim organizations distributing these Qurans for free on road and online? Why is there no massive appeal from any Muslim individual or organization to stop distributing or reading Quran and Hadiths unless under tutelage of an 'expert'?

If Islamic texts are so prone to misinterpretation that a layman can become a terrorist instead of becoming a peaceful saint, then these translations are the most dangerous weapons in world.

Why is then there no effort in identifying, listing, and banning public distribution of all these translations of Quran to prevent terror? Why 'Islam means Peace' supporters do not appeal the governments to ban all sites that distribute Islamic texts – all of which are prone to massive misinterpretation? Let study of Islam be restricted to only under 'expert' care. Like Scheduled Drugs that are available only after Doctor's prescription.

Rarely has a non-Muslim read a translation of Quran, forget about original Quran in Arabic. There is no way for him to judge what Quran says – either good or bad. And that is not even relevant because the non-Muslims are not carrying out bomb attacks. When a non-Muslim dies in Islamic terror attack, his family needs identification of the cause and revenge and not a lecture on how Islam of killer is different from actual Islam. It neither helps the family nor does it make any sense because for the family, Quran is a black-box that will not bring back life of the dead.

Instead of giving sermons on beauty of black-box to victims, 'Islam means Peace' lovers must focus on teaching peace to those who kill in name of Islam.

Tell ISIS, Omar Mateens, Jihadi Johns-in-making why the translations on Quran.com and Sunnah.com that say idolater Pagans and Hindus are worst of creatures and one can keep sex-slaves are all trash and do not represent true Islam. Deprive them access to violent books that make them terrorists. Provide them access to peaceful translations that have remained hidden from world so far. And until they come to the path of peace, fight and curb them so that they cannot take precious lives of Non-Muslims in name of your faith. But unfortunately, an average Muslim is seen undeterred when Islamic terrorists kill people. Rather, he will be seen clapping at videos of Zakir Naik on how latter made 5 Hindus in darkness accept the light of Islam. The tendency of

overlooking the existential threat posed by his coreligionists but showing extra interest on conversion of Non-Muslims to Islam makes an average Muslim look like stupid. True Muslims need to hang their heads in shame and refrain from all types of conversion until other Muslims keep abducting, raping and killing Kafirs in name of Allah and proving 'Islam means peace' the greatest joke in history of mankind.

'Islam means Peace' lovers must not raise empty slogans. They must prove what they claim. If Islam means Peace, then they must destroy all translations that hint on contrary. They must teach ISIS and many other terrorist organisations why they are wrong. And if terrorists don't listen, fight and destroy them. Side with governments and people in Non-Muslim world who show resolve to fight Jihadis. They must explain why the peace of peaceful translations so covertly concealed that it is impossible to locate on internet or buy in a book shop. But until 'Islam means Peace' lovers show the guts to do this, this fanatic Islam will continue to remain a threat.

*‘It does not matter
whether terror has
religion or not.*

*What matters is that
all terrorists follow the
same religion.”*

Islam means peace BUT Madarsas breed terror

Eye-witnesses of Dhaka terror attack in July 2016 have narrated that terrorists asked the hostages to recite Quran's verse. Those who could were spared. Those who couldn't were killed. This leads to a hell lot of questions in our mind regarding the things Muslims are taught in Madarsa about how all religions are same, how they all teach love and compassion for fellow humans, how they are all but different paths to same destination of achieving goodness.

Muslims have been the most uneducated class of society thanks to misdeeds of their leaders and preachers like Zakir Naik. Today, the contribution of Muslims to Indian and world economy is negligible. In fact, disgusting policies like Sachar Committee recommendations are being used to allow incompetent have preferential rights over country's resources.

While non-Muslims across the world are bringing technologi-

cal advancements, joining mainstream, becoming productive members of the society, and are working towards making this world better place for their children, many Muslim children, on the other hand, are learning to hate non-Muslims in their Madarsa. They are learning innovative (merciless) ways of butchering and raping, and learning how to make this beautiful Earth a living hell.

Here is a glimpse of course structure of Madarsa:

- Unless you believe in Allah, you will go to Hell.
- Unless you believe that Prophet Muhammad (PBUH) was last and only reliable Prophet, you will go to Hell.
- Unless you believe that Quran is final book of Allah and only reliable book of God, you will go to Hell.
- Unless you believe that Prophet went to Paradise in one night riding a flying donkey with girlish face, you will go to Hell.
- Unless you believe that Prophet was given divine message of Allah by an Angel called Gabriel, you will go to Hell
- Unless you believe that Prophet split moon in two by pointing his finger, you will go to Hell.
- If you question anything in Quran or argue, you will go to Hell.
- If you surrender without applying your brain, you will get Paradise.
- In Paradise you will get 70 beautiful virgin girls to enjoy as much sex as you want. You will also get lots of good food and special flavour of wine-type drink.
- If you believe that any non-believer can go to Paradise, you

will go to Hell.

- Idol worshipper (Hindu) is worst of creature and will go to Hell, even if he does all great deeds in life.
- If you are an idol-worshipper (Hindu) who died saving life of a Muslim, you will still go to Hell.
- If you were unaware of Islam and remained disbeliever due to ignorance, Allah may give you a benefit of doubt.
- If you were given an invitation to accept Islam, but you refused, or you read Quran and still rejected it, or you said that Heaven, Hell, Prophet, Miracles are superstitions, you will go to Hell.
- If you are a man, you can marry up to four women and keep as many sex-slaves as you want. Wife cannot do so. If she questions you, she will go to Hell.
- If you are a man, you can divorce your wife by uttering three talaqs. Wife cannot do so. If she wishes to, she will go to hell.
- If you are a good Muslim, but did not convert others to Islam, you will still go to Hell because you failed in 'conversion' exam.
- Allah sits above 7th sky on a giant chair. If you doubt this, you will go to Hell.
- Allah is most kind, benevolent and merciful. But he does not forgive idol-worshippers (Hindus) and People of book (Christians and Jews) who refuse to accept Quran as final book of Allah.
- Allah is most kind, benevolent and merciful. But he is even more harsh on those who leave the religion of Islam or pretend to believe in Islam but do not do so actually.

- Allah has already written destiny of every human in a book called *Lohe-Mahfooz* that is under the chair of Allah. One cannot change that. So if He made you a *Kafir* (non-believing rascal), you are screwed. You just cannot escape Hell because it is already written for you.
- Don't argue on any of the above. Because He only knows the logic of what He does. Whoever has doubts over above curriculum will go to Hell.

This kind of teachings in Madarsa has been leading many Dhaka terror attacks every hour somewhere in the world. Thus, Muslims HAVE to be educated BEYOND the Madarsa farces. They need to be taught personality development, etiquettes, communication skills, technical skills, logical and analytical abilities and modern science so that jokers and cartoons like Naik do not become their role models and they become productive Muslims like Azim Premji or Upanishad and Geeta lover like Dr APJ Abdul Kalam.

But until that happens, fanatic Muslims will remain the dumbest community on earth which can easily be manipulated, brain-washed and used to breed terror in the name of religion. And as a result, this fanatic Islam will continue to remain a threat.

19

If Islam means peace It has to listen to this

Terrorists are the worst and the most brutal products of radical Islam. They are the ones who put the teachings of radical Islam into practice and create living hell for Muslims and non-Muslims equally.

I would like to tell them that I am for every Muslim who enjoys Diwali and worships Hanuman. I am for every Sufi who sings and dances in Dargahs in love of Krishna. I am for every Christian who loves Jesus as son of God. I am for every idol-worshipper who visits temples. I am for every atheist who does not believe in God, Prophet or Holy Book.

I am for every child you brutally massacre. I am for every Yezidi girl you sell as slave or behead. I am for every Sikh woman you enjoy to rape. I am for every Hindu daughter you abduct to make your property.

I am for every gay and lesbian who enjoys intimate moments with their partners. I am for every girl who is liberal about what she wears and what she doesn't. I am for every guy who prefers to remain clean-shaven.

I know you hate me. I know you consider me as greatest insult to Allah. I know you are convinced that I must be killed unless I convert to your interpretation of Islam.

I know your topmost agenda is to wipe out people like me from face of earth so that you are rewarded beautiful virgins in Paradise. Each time you kill me, your reward gets even more tempting. I know you sleep, dream, work only with one mission – to eliminate people like me. I know, even right now, you are planning when and how to bomb, shoot, assault, and behead people like me and then post a tweet highlighting your great achievement.

Before you step out on your next cleansing mission to establish Islam, read this open letter once with an open mind. If you are able to still justify your 'Jihad' against me, congratulations! You would have added one more soldier in your militia. I would be more than willing to fight and die to spread your agenda of terror and enjoy the rewards in Paradise.

But if you find yourself at loss of reason to explain whatever you have done and whatever you plan to do, follow what I say. Become a warrior for the cause that you can defend with heart and reason.

If indeed you stand for Islam, and Islam stands for truth, you will have no hesitation in accepting my deal.

I can understand that you have a different moral compass from me. I can understand that you disapprove of my ways, habits and beliefs. But I fail to understand why rape and murder are the only two weapons in your arsenal to demonstrate your objection. There are differences even within family, but that does not mean you start killing and raping your brothers, sisters, children and elders.

You claim that a lot of injustice has been meted to you and your brothers by rest of the world throughout history. I can understand if you fight against those individuals who wronged you. But you primarily target innocent civilians – children, women, old, minorities whom you never even met before. Is it not insanity to rape a baby just because some unrelated person apparently wronged you 300 years ago?

On one hand you want everyone to embrace Islam. On other hand you butcher and rape in name of Islam. How is it helping the cause of Islam by projecting Islam as religion of rapists and killers? Why do you make a cruel mockery of Islam despite knowing that Islam means peace and humility?

Why not instead set good examples that inspire people to follow you as a role model? You can influence hundred times more people in this manner than by killing or raping them. And if you think you do not have the capability to be such a role model, how can you even think of acting as a savior of Islam in first place? And when you are not a savior, who gave you the right to kill and rape to promote Islam?

Don't you see that your killing and rapes have given just a bad name to Islam? Almost every most wanted terrorist of world claims to be a soldier of Islam. Almost all leading terror groups of the world claim to have the agenda of establishing rule of Islam. Almost all major bomb blasts, massacres and mass-rapes of world in last 50 years are exclusive deeds of jihadis. With such a sinister track-record, how can you expect people to have respect for your ideology? Every act you carry out turns more people away from Islam than the number of people you kill. If indeed rule of Islam is your goal, you are acting as greatest enemies of your own mission.

Don't you see that terror has become an exclusive copyright of Islam today? There is no Hindu or Christian group that rapes and murders in name of religion and then posts on twitter. There are evangelists in all religions, but it is only Islam that gets the bad

name of adopting murder and rape to convert the world population. If Islam is what you love, why are you defaming Islam?

Have you even studied Islam properly? Have you read the original Quran? Do you even know the language of Quran? Don't you know that no one has the capacity to understand Quran except Prophet himself? Then how can you rely on silly interpretations of some illiterate Maulvi or leader and start killing or raping? You yourself believe that Prophet Muhammad was the last prophet. Then how can you consider any Maulvi to be competent enough to act as a prophet and tell you what Quran means?

Or do you think you yourself are a Prophet that you understand what Quran means and can justify even killing and rape to establish Quran? Are you not fooling yourself and Islam by claiming to understand Quran despite being intellectually incompetent? Or has Allah sent Prophet or one of his angels to meet you who told you that you must kill and rape to promote Islam?

When Prophet and Allah can have no replacement, then who are you or any Maulvi to act or interpret words of Prophet and Allah on their behalf?

On one hand you say Allah is all-powerful, and on other hand you act as if Allah is powerless. If Allah is most powerful and Islam alone is best, can't Allah himself convert all human beings or send a prophet to spread Islam? Why does he need your help in killing or raping someone to spread his word? When Allah could make the entire world and destinies of each individual, why does he need a non-entity like you as his assistant? He can directly kill anybody he wants or teach Quran. He is not crippled to need you to fight his battles.

You believe that destiny of every person is already written by Allah. In that case, whether someone is Hindu, Christian, Sufi, Shia, Muslim, Yezid, gay, lesbian, is Allah's fault or marvel. Why do you need to rape a baby or shoot a child to undo what Allah did?

Why should one believe in what you say? Just because you hold them at gunpoint? And if someone embraces Islam because of fear of death, is it not cheating Allah? If someone embraces Islam without even understanding Quran, is it not fraud? By your deeds you are committing fraud against Islam.

Only Prophet can teach. So let only him teach. Don't try to replace him. Today there are hundreds of sects in Islam. How can you tell with certainty that what you believe in is truth alone? Mind you, neither are you intellectually competent to match calibre of Prophet, nor have you seen anything directly that you threaten your victims to believe in – Heaven, Hell, Judgment Day, Allah etc. So you have no basis of trying to do anything to promote Islam except through setting noble examples.

Why don't you follow ways of intelligent Muslims like APJ Abdul Kalam and Pervez Hoodbhoy whose brilliance dazzles the world? Why don't you consider these brilliant minds as true role models of Islam?

Instead you choose to follow dumbest maulvis and terrorists who have extremely low IQ. If indeed they have minimum intelligence, ask them to score well in aptitude tests. They will fail miserably. By following these idiots instead of sharp brains you are forgetting that intelligence is bare necessity to understand anything including religion. Those who can't understand basic logic are dreaming of understanding and teaching religion! Don't you realize that true Islam can be learnt only by following ways of the most intelligent brains among Muslims?

There are brilliant people from those who do not believe in your ideology or rape and murder. All the best of scientists, engineers, intellectuals are Christians, Jews, Hindus or Muslims who reject your version of Islam. If indeed your Islam alone is true, why Allah has decided to make every sharp mind a person who hates your ideology and has allocated only idiots in your cult? Why is there not one single intelligent brain in your entire gang?

Don't you see what has been happening with you? You are being fooled. You are being fooled by your maulvis and your leaders. And you have been fooled for generations by few perverts who do not understand peaceful Islam (if there exists any). It does not matter whether they are fooling you knowingly or unknowingly. Bottom-line is that you are being fooled. And irony is that you are being fooled by fools themselves who cannot defend their actions through any reasoning.

They have been feeding you with their own agenda of hatred in name of Islam. Some idiots are pretending as if they themselves are prophets and they interpret Islam for you. They translate Quran the way they want despite knowing that language of Quran has no replacement and Allah revealed Quran only for Arabs. They create and promote misleading translations of Quran knowing that none other than Prophet has authority to interpret Islam and he is dead.

And with their foolish interpretations, they teach you incredibly silly things which have no scientific evidence and no verifiable proof. They teach you things that spread hatred. And then they use this hatred to nurture terrorists out of you. You became terrorist because you were more vulnerable – emotionally, intellectually, and physically. Had you not been a terrorist, they would have brainwashed you to become someone who nurtures other terrorists through hatred. None of these hate-mongers can explain to you why they are so hopelessly incompetent in matters of science, technology, and aptitude despite claiming mastery over religion – a far more complex subject. You are being fooled by incompetent idiots who did nothing worthwhile in life.

Just look at example of things they teach you to breed hatred and hence terror. They teach as if they themselves are prophets. And they punish or threaten those Muslims who show slightest of resistance in believing in their fairy tales as words of Prophet.

You must believe in Heaven, Hell, Allah, Judgment Day, Prophet, Allah or else you are to be punished. Truth is that none of these

can be verified by anyone. If someone believes, it must be a matter of personal faith. But these mullahs threaten you that unless you believe you would be put in Hell and punished here and hereafter.

They convert a very personal journey of spiritual enlightenment into a cult of hatred.

If you don't believe, you are non-Muslim. And non-Muslim is worst of creature. Now, if Allah himself made non-Muslims, how can they be worst of creatures?

If idol-worship is sin, why did Allah make idol-worshippers? And why should you trust some Maulvi that idol-worshippers are so bad, if Allah refuses to come to you directly and tell you so?

They teach you that non-Muslims are Kafirs. Kafir is an abuse that means one who conducts greatest sin. As per them, being a non-Muslim is worse than being a rapist, killer and cheater. Allah will forgive every rapist and killer if he accepts Islam. But will burn non-Muslim in Hell forever.

If you are taught from childhood to use abusive words for non-Muslims, how can terrorists not breed from gullible ones like you?

Muslims are forbidden to even participate in festivals of non-Muslims. On the contrary, if you do so, you are threatened with Hell after death.

The hatred against non-Muslim is so much that even a dead non-Muslim is not allowed to be blessed. One cannot call a dead non-Muslim as Marhoom (blessed by mercy of Allah). This is because only a Muslim can be blessed by Allah. A non-Muslim, howsomuch noble he may be, is destined to go to Hell only.

Even if a non-Muslim dies saving a Muslim, he will go to Hell forever. If one cannot respect even the dead, how can you expect respect for living non-Muslims? No wonder, sentimental people like you become terrorists.

Neither Allah came to your Muslim leaders to tell them that Quran alone is truth, nor He went to non-Muslims. None understand even the language of Quran properly. But still they force hatred down your throat and call it religion.

They use threat against those liberal voices among Muslims that differ from them. They will fool you to shoot innocent children so that Muslims obey them out of fear. If indeed you represent truth, why you need to use fear of death to deliver your point?

They tell you to kill and rape and hate non-Muslims because it is written in Quran. But they don't even have the brains to understand basics of life and have horrible IQs. How can they understand Quran! These psychopaths have hijacked your brain and are fooling you emotionally to blindly follow things that cannot be proved, verified, tested or logically explained.

They have filled your hearts with hatred against non-Muslims from childhood. They have been silencing all voices that seek love for non-Muslims and freedom for women. Majority of Muslim world is helpless victim to few perpetrators. And their silence breeds terrorism.

Terror is sin. To remain silent against terror is even greater sin.

Truth is that Islam has been hijacked from very inception. Do you know what has been impact of this hijacking of Islam by psychopaths? It is not that you were fooled like thousands of your militant brothers. This hijacking led to poisoning of your Prophet. Then his entire family was killed. And killers were hailed as Muslim leaders just as Taliban, Al Qaeda, ISIS etc are being hailed as Muslim heroes by you. They killed even those who compiled Quran.

The real heroes of Islam are people like APJ Abdul Kalam, Ashfaqullah Khan, Abdul Hamid and Hakim Suri Pathan. These were those people who dedicated their life for betterment of society and nation.

Don't be fooled anymore. Don't insult Prophet by your deeds. Don't play in hands of those who killed Prophet's family. Don't believe in anything that you cannot verify, test, prove or explain, just because some dumb Mullah shouts on top of his voice.

The greatest truth is that Allah made us humans who have brains that can reason and hearts that can feel.

The greatest truth is that religion is a matter of personal choice. It is a direct matter between God and person, no one else has right to interfere. If God would have favoured any particular religion, he would have saved a copy of that religious book in the hard disk of our brains from birth.

The greatest truth is that just as you consider your path as right, others have right to consider their paths as right. Just as you forgive your own mistakes, you have no right to kill others even if they make mistakes in your eyes.

The greatest truth is that one should treat others the way one expects himself to be treated.

The greatest truth is that religion is made by humans. God made all humans as equal. If God wanted to differentiate among religions, He would have embossed names of our religion on our forehead from birth.

The greatest truth is that entire humanity is one single family. No discrimination on basis of religion can be justified by heart or brain.

The greatest truth is that humanity is above Islam.

So listen to your heart. Use your brain to reason. Be Human. That is greatest service of Allah. Allah enlightens your heart and mind.

Don't simply listen to any self-proclaimed modern-day prophet and assume what he says is true. Why does Allah need a low IQ agent to tell you what true religion is! Allah can directly talk to

us through our heart and brain. Let us use them. Trust Allah and don't try to be a killing machine on His behalf.

You must follow none who asks you to hate, kill and rape. Set constructive examples that will attract millions. That is much more powerful than use of force. That is the way of every Prophet, every Avatar, and every son of God.

If you are indeed fearless and honest, stop the path of terror that you cannot defend immediately. Make a U-turn right now. Take revenge from those who have fooled you and generations before you in name of Islam. Fight your Jihad against intolerance, violence and madness. Fight your Jihad against those who breed terrorists by acting like Prophets. If you indeed fear no death, rise against these rascals who made fool out of you and your forefathers and damaged the legacy of true Islam. Stand up to destroy their dominance and rule of fear over the innocent Muslim society.

Rise above religion. Be true friend of Hindus, Christians, Atheists and other Non-Muslims. Let religion be very personal matter. Unite with them to fight terror-mongers and those who discriminate with non-Muslims even slightly. Fight those who subjugate women. Fight moral policemen within Islamic world who rape or kill. Fight with love and compassion for helpless. Fight by setting examples of peace and non-violence. Fight for humanity alone.

That would be greatest service to Islam. That would be greatest gratitude to real Prophet. That would make you true Muslim. That would bring out true humanity from within you. Turn tables on those who fooled you into terror. Destroy these rascals who promote killing and rape of children and innocent women from very root. Strengthen and unite every voice of Muslims that stands for rights of children, women, and non-Muslims.

The greatest threat to world is not being Hindu, Christian, Shia, Sufi, Jew, gay, lesbian, clean-shaven, atheist or liberal. The greatest threat is rise of those forces that want to change others

through killing and rape. The greatest threat is the cult of terror that keeps exploiting simple minds like you to kill and rape others. The greatest threat is that gang of spineless who kill and rape because they do not have guts to set constructive examples to influence and change the world.

This must end. Stand up and millions will join to end the reign of terror forever. Rise above Muslim, Hindu, Christian, Jew etc. Be a human first. Be the best human first. Join war against terror.

If you don't do this, you are our enemy and your religion of peace will continue to remain threat to rest of the humanity. You will remain the worst of the creatures in the eyes of Allah! And pro-humanitarian forces will make sure you are destroyed.

In Summary

Above chapters have summarized the fanatic version of Islam and also the reasons why I consider followers of this fanatic Islam who dare not condemn those who seek death and Hell for non-Muslims as greatest threat for humanity.

The path to end this fanatic version of Islam is not easy. The worst hit casualties of terrorist dominance of Islam have been good innocent Muslims. The innocent Muslims are only those :

- who indeed believe in tolerance, peace and humanity
- who do not believe that Allah forbids them to condemn misdeeds of other Muslims.
- who do not believe that all non-Muslims will go to Hell.
- who do not believe that the benevolent Allah supports racism, polygamy, slavery, hatred, terrorism, or violence in any manner.

- who do not believe in spurious religious texts that tend to justify racism, polygamy, slavery, hatred, terrorism, or violence in any manner.
- who want to join the mainstream and reject fundamentalism.
- who believe in the concept of live and let live.
- who are patriots and want to be productive citizens.

But these Muslims are helpless because they are at gunpoint of fundamentalists. Further, they are brainwashed since childhood to remain in confused state throughout their lives.

Therefore, Muslims must become brave enough to take a lead to end fanatic version of Islam. Instead of telling the world 'Islam means Peace', Muslim world must realize what went wrong that caused this infestation by terrorists. They must review all their highest circulated publications and see if something is prone to misinterpretation. They must propagate 'Islam is Peace' and 'Islam gives Heaven to non-Muslims' in their mosques, madrasas and institutions. Islamic leaders and Maulvis must make such announcements about love for non-Muslims again and again. Muslims must create an environment of mutual trust and dignity.

This will contain the nefarious designs of fanatics and strengthen the Islam followed by scientists like Dr. APJ Abdul Kalam. This is need of hour.

If Muslims fail to do this, then innocent Muslims would continue to live in humility and rest of the non-Muslims would continue to showcase their hatred against fanaticism. And taking benefit of the market opportunity and petro-dollars in hands of fanatic forces, dogmatic intolerant fraud preachers like Zakir Naik will open more of shops to offer 'peace' by justifying killing of apostates and Hell for rest of us.

The solution of the problem is not very difficult. It demands

resolves at two levels. One from real Muslims, the other from Non-Muslims.

1. Real Muslims must showcase and prove their patriotism and love for humanity by openly challenging concept of hell for idolaters and Non-Muslims in Quran and Islam. They must oppose conversion of Non-Muslims to Islam tooth and nail until Islam means peace is established in actions of Muslims as society. Instead, they must guide Muslims to focus their energies on fighting hijackers of Islam. They must organise Vande Mataram programs to showcase their love for motherland. They must participate in Hanuman Aarti with fellow Hindus to make them feel secure and brotherly.
2. The other resolve must be taken by Non-Muslims of India and world. Differentiate good Muslims from bad ones using 1. Muslims who practice peace and brotherhood as mentioned in 1 are true Muslims who need to be encouraged and protected. And anyone refusing same is a person who must be observed carefully for anti-national practices. Such minds are those that are most prone to terror tunes and must be dealt with iron hands by state agencies.

If we are able to do it, this world will be saved. Otherwise, the threat lies and multiplies with each passing moment. In absence of our efforts, this fanatic Islam will continue to remain threat.

May all noble human beings be united and all those who hate and kill be destroyed!

The Goal is far and the night is dark.

But He is my light and I can walk!

About Agniveer

Agniveer was founded by Shri Sanjeev Newar, an IIT-IIM professional, data scientist, and Yogi to provide a solution-oriented, spiritually driven, and honest approach to improving the world - within and outside an individual. Agniveer specializes in practical applications of the timeless wisdom of Vedas, Geeta, and Yoga to address the contemporary challenges of life. Thousands of testimonials of transformation - from people who were on the verge of committing suicide, fighting depression, confused about life, directionless, unable to address social injustice around - attest the massive change it has been able to bring.

Agniveer takes credit in bringing several ignored, uncomfortable but critical issues to public attention. Agniveer is the leading advocate of social equality in India and pioneer of 'Dalit Yajna' initiative to break caste and gender barriers. Agniveer spearheaded the Muslim women rights campaign facing a severe backlash from conservative and fanatic elements. Yet, it was successful in bringing details of disgusting practices like Halala, sex-slavery, polygamy, triple talaq and love jihad to the limelight and evolving a consensus against them. Agniveer women helpline deals with such cases and has brought many smiles.

Agniveer also introduced the concept of unarmed combat workshops across sensitive parts of the country to create a skilled team that is able to defend vulnerable from criminals. Agniveer is a prominent champion of de-radicalization and has brought innumerable youth to join the mainstream path. Agniveer's narrative on history has created a significant momentum to question the authenticity of populist history taught out of political compulsions.

Agniveer has published several books on social equality, caste equality, gender equality, human rights, the controversial religious rights and history, apart from books on self-help, Yoga, Hinduism, and life-hacks. Readers appreciate the books for

straightforward, original, solution-oriented, practical, fresh, and mind-bending experience.

Everyone keen to live a meaningful life to fullest is welcome to join or support Agniveer mission.
